“Learn. Code. Teach. Repeat.”

Summary

With 18+ years of software development experience and a passion for programming since age 11, I bring extensive expertise. Specializing in C++ since 2007, I consistently deliver high-quality solutions. I offer consulting, training, and software development services in **C, C++, Rust, Linux**, and technologies for **embedded** and IoT systems. Since 2014, I have been working as an **independent software consultant**, taking on various projects. As a **trainer**, I've organized and conducted numerous C++ and Rust **courses**, sharing best practices and methodologies. I am committed to staying up-to-date with the latest industry technologies, ensuring that I can provide the most relevant and valuable guidance to my clients.

Work Experience (as independent consultant)

Qascom S.r.l.

Bassano del Grappa, Italy

TRAINER

2021 - 2024

- Organized a 45 hours C++ course for 20 developers working on GNSS and space cybersecurity systems (2021)
- Organized two 60 hours advanced C++ course for about 13 developers (2024)

Bluewind S.r.l.

Castelfranco Veneto, Italy

DEVELOPER, CONSULTANT, TRAINER
